Annual Council Meeting

On April 19 &20, 2023, FIT Council came together in Barcelona, to hold the mandate’s first Council Meeting organised and hosted by the Associació Professional de Traductors i Intèrprets de Catalunya (APTIC, the Association of Professional Translators and Interpreters of Catalonia), joined by 4 Honorary Advisors and various observers.

During the meeting, FIT heard reports from its 18 Standing Committees, 3 Regional Centres and 2 working groups, and dealt with membership and administrative matters.

FIT is grateful for the support of its members such as APTIC, as their strong solidarity and engagement allows us to achieve our goals above and beyond what would be possible without their contributions.

The Federation also celebrated its first 70 years with a Gala Anniversary evening of speeches, music, toasts and recollections, reflecting on the evolution of FIT since 1953.

The European Council of Literary Translators’ Associations (CEATL), the Association of Catalunyan Language Writers (AELC), and FIT co-hosted a literary symposium at the Gabriel Garcia Marquez library in honour of World Book and Copyright Day, which coincides with St Jordi Day and UN International Spanish Language Day on the 23 April each year.

For more detail, see the Press Release on the week of FIT Events in Barcelona.
